"Radetzkystraße Festival 2026," connects artists and their works with the City of Vienna, the 3rd district, and Radetzkystraße, while promoting the city's architecture and environment. Centered on Radetzkystraße and the surrounding 3rd district, the program invites residents and visitors to experience contemporary art through exhibitions, events, and spontaneous interventions within a distinctive urban setting.

Radetzkystraße and Vienna's 3rd District, the Center of Cultural Life.

"Radetzkystraße-Festspiele" takes place in the heart of the city, on the historic 1860 Radetzkystraße, in Vienna's 3rd district (Landstraße), known for its architecture, its connection to the imperial era, and transformation into a vibrant neighborhood. The area also known as the "Radetzky Quarter," combines historic buildings, modern residences, and traditional Viennese restaurants, an ideal starting point for a dynamic program of events that highlights Vienna's living fabric of cultural heritage. The continuous and uninterrupted use of residential and commercial spaces serves as a stimulus for the participation of local businesses in the cultural program. Curators and artists from Austria and abroad collaborate and engage both local and international audiences.
